

Meridian®  
Agro

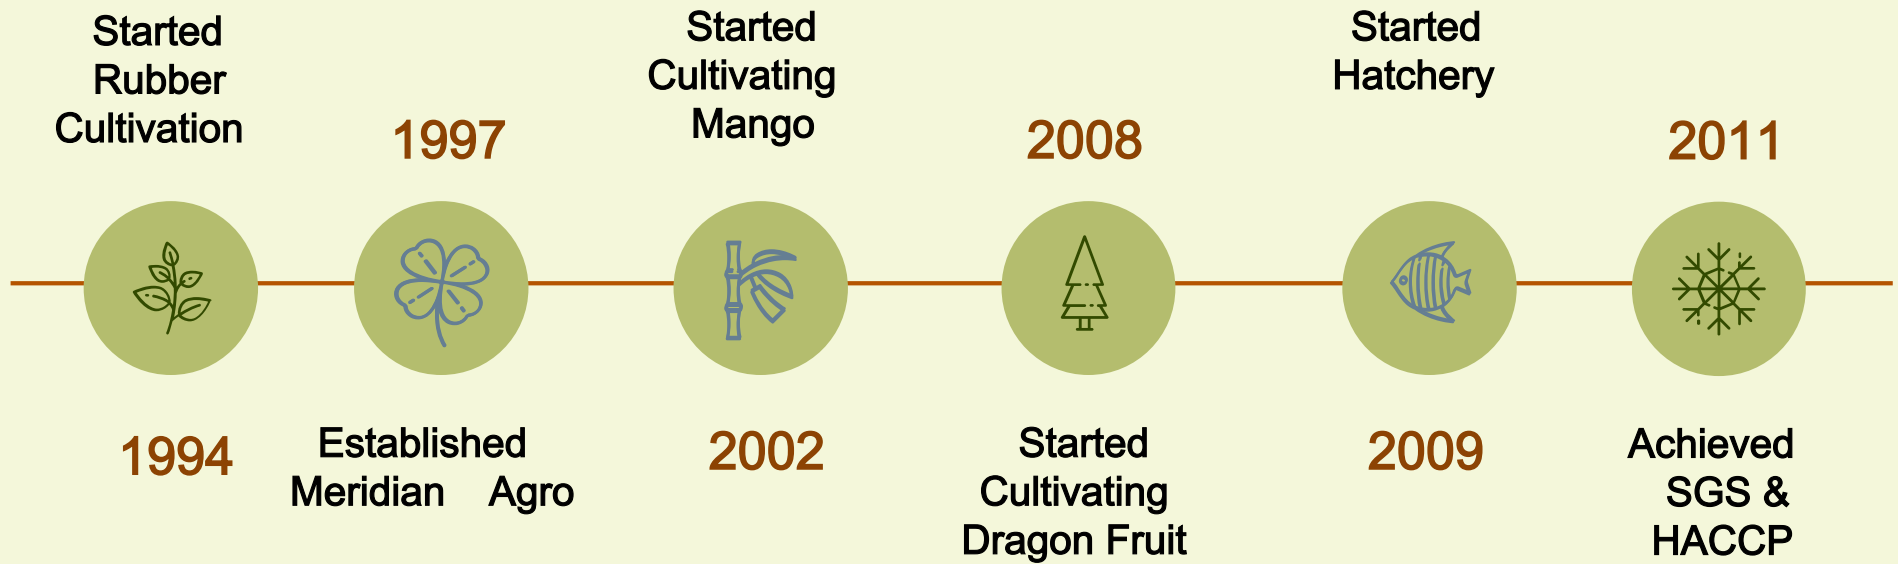

A close-up photograph of a single, ripe green mango hanging from a thin brown branch. The mango is oval-shaped with a smooth, slightly textured green skin. A small stem is attached to the top. The background is a soft, out-of-focus green, suggesting a lush orchard. The lighting is natural, highlighting the mango's form and color.

# Meridian Agro

Meridian Agro Industries Ltd. is a proud member of Meridian Group Bangladesh, established in 1997, and committed to sustainable agriculture. With over 1,200 acres in Lama, Bandarban, the company integrates modern techniques to promote organic farming, eco-friendly practices, and inclusive rural development.

# Timeline

# What we are working on

## Mission :

To cultivate a greener future through sustainable agro-solutions and quality food production .

## Vision:

To become a global leader in sustainable agriculture, rooted in innovation and social responsibility.

# The Problem

Agricultural challenges in Bangladesh :

- Heavy chemical usage harming ecosystems
- Limited access to modern farming tech for rural farmers
- Poor supply chain & post-harvest handling
- Low value realization for premium agro-products

## Our Solution

Meridian Agro integrates sustainability with innovation :

- Organic and high -yield mango farming
- Rubber plantation with sustainable tapping
- HACCP -certified aquaculture
- Agroforestry and mixed cropping techniques
- Export -grade packaging and hot water treatment for global compliance
